## **PREFACE**

Minor project is an integral part of BCA and each and every student has to create the minor project in the 6<sup>th</sup> semester while studying in institute.

The record is concerned about our practical major project during 6<sup>th</sup> semester i.e., final year of BCA course. We have taken our practical minor project in SHRIRAM INSTITUTE OF MANAGEMENT AND TECHNOLOGY. During this minor project, we got to learn many new things about the technology and its practical implementation. This Major project practical proved to be milestone in our knowledge of present environment. Everyday and every moment were an experience in itself, an experience which theoretical study can't provide.

## ACKNOWLEDGEMENT

We are extremely grateful to our guide **Dr. M.S. Bora** for being a source of inspiration and for his constant support in the design, Implementation and Evaluation of the project. We are thankful to his constant valuable suggestions which benefited me a lot while developing the project on "**Resume Builder Website**", he has been a constant source of inspiration and motivation for hard work, he has been very co-operative throughout this project work.

We also express our gratitude to **Mr. B. S. Saggu** for providing me the infrastructure to carry out the project and to all staff members who were directly and indirectly instrument in enabling us to stay committed for the project.

Finally, we are very much grateful to the institute and all the faculty members, without their personal attention and time to help and care, it would not have been possible for us to complete this project work.
